	WKU	BS			

*A combination framework is included in this section for programs on this list.

**A separate framework is included in this section for each program (major) on the list.

TEACHER EDUCATION TRANSFER FRAMEWORKS

Teacher certification in Early Elementary (K-4) and Middle Grades (5-8) require an academic specialization in addition to general education and professional coursework. Since, in many cases, general education courses may also be counted in the academic specialization, the choice of academic specialization should influence the selection of general education courses. It should also be noted that computer literacy is a prerequisite for a required course in professional technology. Students should plan to document their computer literacy skills prior to transfer if possible.

The 60-hour teacher education transfer framework when coupled with related eligibility criteria guarantees progress toward meeting certification and degree requirements without repeating coursework. However, **completion of the teacher education**

transfer framework does not guarantee admission to the teacher education program at the receiving institution since these programs employ selective admissions criteria. Transfer students are required to attend the receiving teacher education institution at least one semester prior to admission to the teacher education program. This fifth semester, while needed to qualify for admission to teacher education, will not pose a problem because sufficient coursework relevant to the major can be taken prior to admission.

Teacher education programs and related admission requirements vary from one institution to another. Completion of the requirements needed for admission to the teacher education program at one university does not guarantee admission to the teacher education program at another institution.

Effective Dates

The teacher education transfer framework is effective for students who transfer to the university teacher education institution in Fall 1997. Students will not be admitted to current university teacher education certification programs after January 1, 1998. Students will not be able to obtain certification in

current teacher education certification programs after January 1, 2000. The current programs will be replaced with new competency based standards for preparation. A revised transfer framework will be developed consistent with the new standards.

Eligibility Criteria for Admission to Teacher Education Programs

1. The entire 60-hour teacher education transfer framework must be completed to obtain the full benefit of the transfer agreement. Block transfer credit is recognized for completion of any combination of general education categories and the courses in the professional studies sequence regardless of the number of institutions attended.
2. The Grade Point Average (GPA) of transferred courses is not considered in the GPA required for admission to teacher education programs. A minimum GPA of 2.5 (4.0 scale) is required for admission to teacher education; however, individual institutions may have higher GPA requirements. **Students must earn the GPA required for admission to teacher education at the institution where they seek admission to the teacher education program.** Depending on the grading policy of the receiving institution, courses in which a “D” grade is earned at the sending institution may need to be retaken at the receiving institution.
3. Students are advised to prepare for admission to teacher education by:
 - a. Consulting with an advisor or the institutional teacher education contact at the community college or university they initially attend regarding required tests (ACTE, ACT, SAT, PSAT, PPST, or Praxis tests) and scores necessary for acceptance into teacher education programs.
 - b. Contacting the teacher education program at the institution to which they plan to transfer. This will allow the transfer student to be informed of the application schedule and program admission requirements such obtaining letters of recommendation, and initiating appropriate portfolio requirements prior to transfer.
 - c. Contacting the office or individual noted in the Institutional Transfer Contacts list to obtain specific institutional information.

AGRICULTURAL TEACHER EDUCATION (VOCATIONAL) -- CIP 13.1301

TRANSFER MATRIX: Requirements of the Sending Institution

General Education Transfer Component (33 hours) + Institutional General Education (15 hours) = General Education Total (48 hours)
General Education Total (48 hours) + Specialty (12 hours) = Transfer Framework (60 hours)

NOTES: A shaded column indicates the college or university does not confer a baccalaureate degree in this program.
 However, course numbers in shaded columns indicate that the transfer framework may be completed at that institution.

The General Education Transfer Component should be completed according to the general education requirements for this major at the sending institution, unless specific course recommendations are listed.

Foreign language may be required for the Bachelor of Arts (BA) degree.

General Education courses may also be counted toward the major, a minor, or a second major.

An 'S' below indicates the program has restricted and/or limited admissions. The program may require an additional application process or have specific grade point average requirements for application and/or acceptance. Consult the college or university catalog for complete information about program requirements.

HOME ECONOMICS TEACHER EDUCATION (VOCATIONAL) -- CIP 13.1308

TRANSFER MATRIX: Requirements of the Sending Institution

General Education Transfer Component (33 hours) + Institutional General Education (15 hours) = General Education Total (48 hours)
General Education Total (48 hours) + Specialty (12 hours) = Transfer Framework (60 hours)

NOTES: A shaded column indicates the college or university does not confer a baccalaureate degree in this program.
 However, course numbers in shaded columns indicate that the transfer framework may be completed at that institution.

The General Education Transfer Component should be completed according to the general education requirements for this major at the sending institution, unless specific course recommendations are listed.

Foreign language may be required for the Bachelor of Arts (BA) degree.

General Education courses may also be counted toward the major, a minor, or a second major.

An 'S' below indicates the program has restricted and/or limited admissions. The program may require an additional application process or have specific grade point average requirements for application and/or acceptance. Consult the college or university catalog for complete information about program requirements.
